

## WHAT IS FUSION?

### **What is "The Fusion Experience"?**

"Fusion" is something that happens when you combine different things together. Science can do it with energy or matter, but God does it when He combines different ministries and anointings to impact people. Each of these men has their own ministry with unique gifts that shatter barriers in the lives of people. They felt that God wanted them to combine together to accelerate that breakthrough for people who would meet with them for a few days. The results have been explosive in healing, deliverance, prophetic impartation and revelation of God's purposes! They call that accelerated combination punch a "Fusion" experience!

The Fusion Experience includes five training sessions, five round tables where they come together to minister and three meetings in the evening. The last meeting which is the Saturday night finale, will include all three of them flowing together in the Spirit and ministering to the people and releasing an impartation.

### **What do the daytime sessions cover? Or what do I get for \$49?**

The five daytime training sessions and Fusion manual are designed to build one on another so that you gradually become saturated in a prophetic apostolic atmosphere.

Kim and his worship team create an open heaven-access in worship and then minister powerfully in the prophetic. Kim teaches that you can see what God sees, and, when you do, you have access to whatever He shows you! Kim calls that "optical fusion".

Dr. Mark builds on this "optical fusion" as he ministers to people supernaturally and imparts revelation that enables you to hear a fusion with the spirit realm in and around your life. When you hear God, you can begin to speak with new authority to make His will manifest in your life. He calls that "audio fusion".

Dr. Lance builds on both optical and audio fusion to help you activate God's strategy. Under his guidance, you will learn that with "strategic fusion", you will be able to stay aligned with an open heaven over your key relationships, your ministry, your calling, and your career. You'll walk away with the ability to keep the experience active in your life. All this combined training in the five closed daytime sessions and three open night meetings creates a "Fusion Experience".
